## BLUE CORE TECHNOLOGY

Pakistan's 1st Euro 5 compliant locally produced sedan fitted with a powerful 1480cc DVVT engine, which offers a quiet and smooth driving pleasure with a higher fuel efficiency and lowest emissions. The optimized combustion system is capable of reducing fuel consumption by 20% and carbon emission by 50%\*, without compromising on the overall performance of the drive.

**Efficiency with Powerful High Energy & Efficiency Engine**

## DUAL CLUTCH TRANSMISSION

The 5 Speed Dual Clutch Transmission (DCT) with both Sports and Tiptronic Mode. The Dual Clutch Transmission provides an uninterrupted power delivery and fuel efficiency by optimizing gear shifting with less wear and tear. Sports mode shifts gears at higher RPM for better acceleration, while tiptronic mode allows drivers to optimize gear shifting according to their specific needs.

**INTELLIGENT START STOP TECHNOLOGY (SST)**

**TIPTRONIC AND SPORTS MODE**

**SUPER ELECTRONIC POWER STEERING (SEPS)**

**5 SPEED MANUAL TRANSMISSION WITH INTELLIGENT SHIFT REMINDER**
